THE LOWARNA LOWDOWN

## **Upcoming Dates**

Tuesday 23 November: Year 6 Orientation Day OHS Monday 15 November: Swimming everyday Wednesday 15 December: Presentation Day

### **Principal News**

Today we celebrate and thank our amazing teachers for **World Teacher Day!** 

I would like to recognise the hard work and dedication of Mr Trice and Mrs Pfeiffer. They have spent the term building respectful and resilient learners so that we can improve student learning outcomes for all students. Not only would I like to thank the students' current teachers, but ALL the wonderful teachers that have

LOWANNA

# Lowanna Red News

This week we started colouring-in mindfulness after lunch on Tuesdays and Thursdays while still having our relaxation (calming music and a lay down) on the other days. We are working on relaxing our body and mind during this time after high energy lunch activities. It allows students to get their brain ready for more learning.

"We really enjoy having this time to lay down and rest" (Skyla)

"We can be calm" (Kelly)

"I can relax" (Emmett)

# Lowanna Blue News

Lowanna blue has had a hard working week. Students have been writing great sentences each morning for our 'sentence of the day' using nouns, adjectives, verbs and adverbs from visual prompts and working collaboratively to refine and improve these.

We have also started brushing our teeth in the morning to ensure good dental hygiene. The class has been very receptive to this, enjoying the new addition to our morning routine.

Our goal for the upcoming week is building resilience to enable all students in the class to extend their learning times.

The class enjoyed soccer this week with Helen. This was shown by greater participation and engagement from all students and I couldn't have been prouder!

Lastly, I would like to thank my fellow teachers for world teacher day. It is always a pleasure to turn up to work with such a great cohort with a special Thankyou to Ms Dal-Bon for her support and
